PTERIDOLOGIST

Index
for
Volume 5 (2008 - 2013)
(Parts 1 - 6)

Compiled by
Andrew Leonard

PTERIDOLOGIST is a journal of the British Pteridological Society and contains articles on ferns, clubmosses and quillworts, which should be of interest to both amateurs and professionals. The scope ranges widely, from gardening, horticulture and botany through natural history, ecology, medicine, folklore, literature, travel, the visual arts, furniture and architecture.

ISSN 0266 - 1640

lndex for Volume 5 (2008 - 2013)
